

FAA/PMA# PQ1026SW

Another Innovation From The Aerospace Electronics Mounting Specialist!

Lightweight brackets with self-wrenching, self-locking press nuts.

Eliminates the risk of loose hardware behind the panel.

Quick and easy installation.

Note: All dimensions are symmetrical about centerlines.

Kit Includes: Instructions, installation and mounting hardware.

Part No.	Shell Size	T THRD UNJC-3B	A ± .003	B ± .015	C + .015 - .000	D	F ± .5°	CH
FSIM-01	3.125	6-32	2.475	3.360	3.160	.123/.183	22°	.25 x 45°
FSIM-02	3.125	6-32	2.475	3.360	3.160	.123/.183	22°	.25 x 45°
